A Value Added Partnership

LESER is the largest manufacturer of safety valves in Europe and a leader in the marketplace worldwide. LESER offers a wide variety of products that apply solutions for many industries such as chemical, petrochemical, oil and gas, industrial gases, machine building and the food and pharmaceutical industry.

Unified Valve Group added LESER products to its warehoused inventory, this means quick turn-around on delivery, as products will either be shipped from one of our locations throughout Western Canada or direct from LESER in Charlotte or Germany. Unified is trained and certified to repair LESER safety valves at any of our 7 locations. Our team of experts are equipped with the latest knowledge and technology of LESER products and can offer marketplace solutions.
