

WHERE CANADA GOES FOR ALL THEIR INDUSTRIAL PROCESS NEEDS!

PREMIUM PROCESS SOLUTIONS
FROM PREMIUM MANUFACTURERS

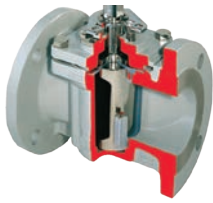

PRODUCT DIVISION

**Western Canada
General Products Brochure**

FLowsERVE

Durco Valves

Plug Valve: Exotic Alloy, T-Line PFA Lined. Durco High Performance Butterfly Valves, Triple Offset Butterfly Valves.

Atomac Valves

Teflon Lined Ball Valves, Check Valves, Strainers. PFA and Ceramic Linings. Sight Glass.

Automax Automation Systems

Complete Valve Automation, Apex Pneumatic, Digital and Electro-Pneumatic Positioners.

Where
Canadians
go for industrial
process equipment!

Highest Quality Sampling and Drain Valves available in Stainless Steel and a variety of Alloy metals. Washdown Stations, Water Mixing and Steam Valves.

The SAMMI Line Blind incorporates a simple and durable design that has been developed to provide absolute shut-off, long life and cost-efficient service with minimum maintenance.

API 600 Pressure Seal Valves, API 594 Dual Plate Check Valve, Gate Valve (API 600, 602 and 603), Globe Valve (API 600, 602 and 603), Check Valve (API 600, 602 and 603).

RTK offers high-quality Control Valves, Steam Converting Valves, Re-circulating Valves, Blowdown Valves, Electric Actuators.

Stocked inventory at Unified Valve Group Calgary, AB location. Stocked valves will range from 1/2 inch through 8 inch in ANSI Class 150 and Class 300, featuring various body materials, end connections, and multiple trim options.

**ENGINEERING
YOUR SPRAY SOLUTION**

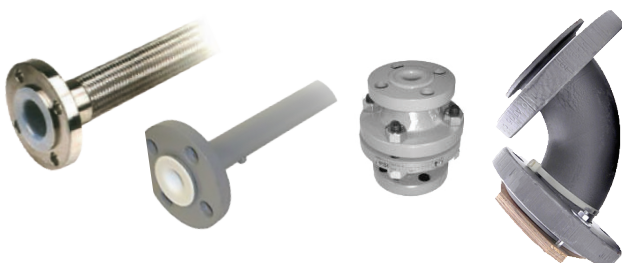

Worldwide manufacturer of precision spray nozzles, headers and systems for tank cleaning, cooling, humidification, coating and lubricating. Products include tank cleaning nozzles, pneumatic atomizing nozzles, hollow cone nozzles, solid stream nozzles and air nozzles.

High Quality In line, Silent, Spring loaded, Piston type Check Valves, Pressure Relief Valves and Vacuum Breakers. Flange Inserts to ASME Class 600, Threaded to 10,000 PSI. Most Metallurgies, various Elastomer or Metal Seats. 0.25 to 75 PSI Cracking Pressures available.

Plastic Lined Piping Systems, PTFE, PFA, PVDF, PP, Custom Shapes, Multi-plane Flange Reduction System, Resistoflex PTFE Lined Hose Assemblies and Expansion Joints.

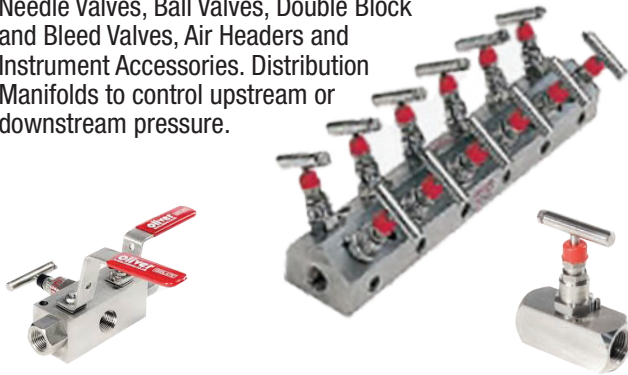

Threaded piping system for highly aggressive fluid, with the corrosion resistance and purity of PTFE.

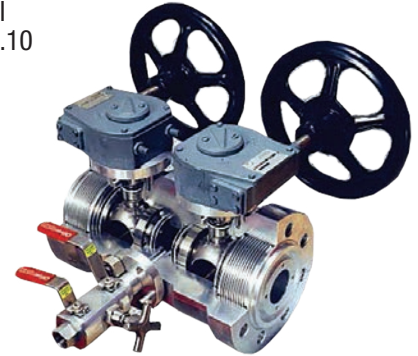

oliver valves

Needle Valves, Ball Valves, Double Block and Bleed Valves, Air Headers and Instrument Accessories. Distribution Manifolds to control upstream or downstream pressure.

oliver twinsafe

Single Bodied Double Block and Bleed Ball Valves to ASME B16.10 Length. ASME Class 150-1500.

Electric Actuators - Spring Return Fail Safe, Fail Last.

The only authorized Canadian CSA Certified RCS Repair Centre.

Chemical Injection Pumps - Electric Driven Pumps, Gas/Pneumatic Driven Pumps, Solar & Off Grid Pumps and Specialty Pumps.

Floating and Trunnion Ball Valves, Butterfly Valves, V-Port Control Ball Valves, Multi-Port Ball Valves, Valve Automation Products.

Ball Valves, Control Vales, and Pneumatic Actuators and accessories.

VELAN

The Velan steam trap line offers bimetallic, float and thermostatic, piston operated, and thermodynamic steam traps. Applications include refineries, power generation, building heating systems and many more.

FORBES MARSHALL

Modulating Control Valves, Separators, Pump/Trap, Universal Steam Traps, Pressure and Temperature regulators, Vent Heads, Air Vents, Air Eliminators, Steam Injectors, Desuperheater, Thermocompressor and many more.

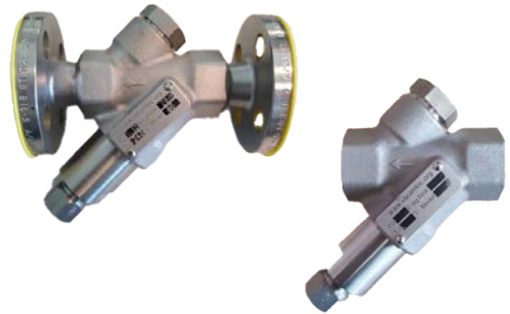

Contact us today and discover why we are Canada's leader for all your industrial equipment needs.

STEAMLOC[®]

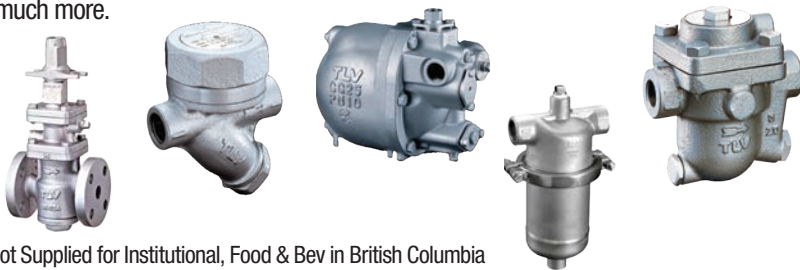

international THE RIGHT CONDENSATE REMOVAL

Steam Traps - Venturi Trap - Variety of Materials and Applications.

TLV

TLV is a leading manufacturer that specializes in all Steam and Air related products including Steam traps, Control Valves, Pressure Regulators, Condensate Recovery, Air Vents, Vacuum Breakers, Disc Check Valves, Thermocompressor, Clean Steam Products, Stainless Steel Products and much more.

Watson McDaniel

Steam Specialty Products, Traps, Regulators, Liquid Drainers, Vacuum Breakers, Condensate Pumps.

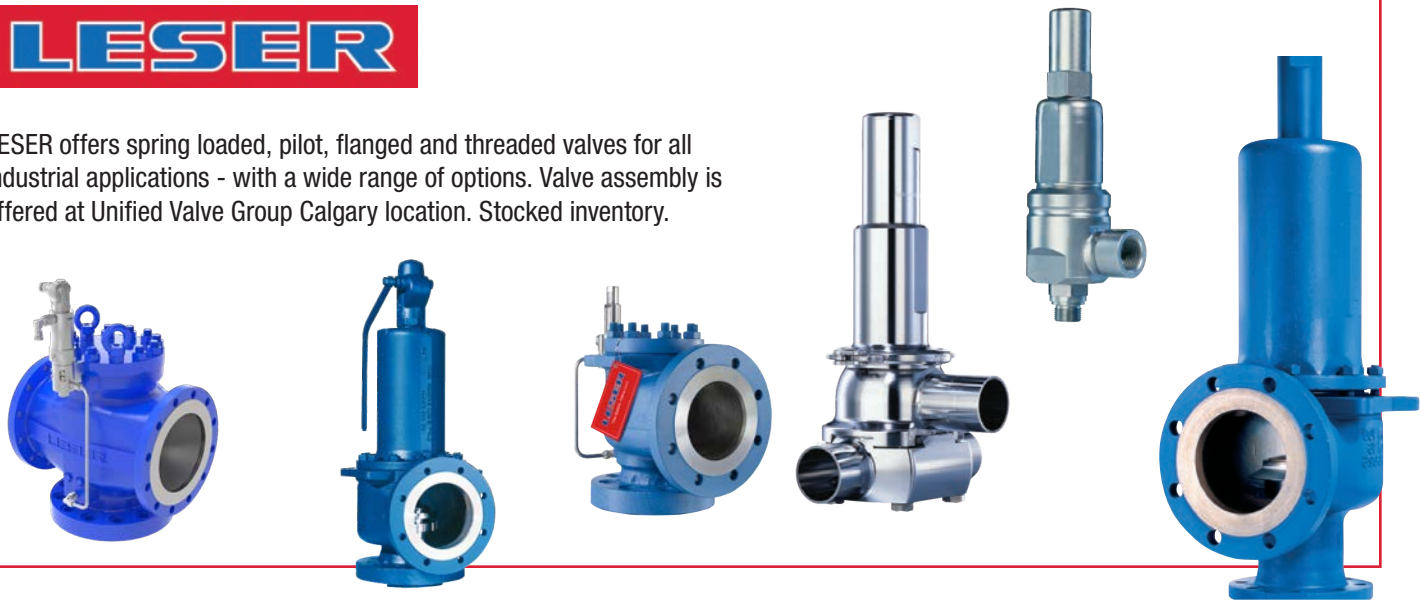

*Not Supplied for Institutional, Food & Bev in British Columbia

**Not Supplied for Oil Industries in Alberta

LESER

LESER offers spring loaded, pilot, flanged and threaded valves for all industrial applications - with a wide range of options. Valve assembly is offered at Unified Valve Group Calgary location. Stocked inventory.

Rupture Discs and Holders - reduce downtime, lower maintenance costs, and increase facility productivity. Oil and gas, pulp and paper, food and beverage.

Pressure/Vacuum Relief Valves, Vents & Hatches, Flame or Detonation Arrestor, Blanket Gas Regulator, and other low-pressure relief products.

KUNKLE

Bronze, Cast Iron, Cast Steel, Stainless Steel Safety Relief Valve available for Air, Steam, and Water service.

Ball and Butterfly Valves, Valve Automation Products, Pressure Relief Valves.

Wide range of Gate Valve, Globe Valve, Butterfly Valve, Check Valve and Ball Valves available in Bronze, Cast Iron, Carbon Steel, and Stainless Steel material. Double door silent Check Valve and Y-Strainers.

The WGI product line is extensive and offers Pressure Gauges, Needle and Ball Valves, Temperature Indicators, Thermowells and Regulators.

Threaded and SW End 1, 2, 3 Piece Ball Valves, Carbon and Stainless Steel, Flanged Floating and Trunnion Ball Valves. Resilient Seated Butterfly Valve 2" to 24", 250 PSIG, NSF 61, Manual and Automated. Valve Position Monitor, Check Valves, Sanitary Valves and Fittings.

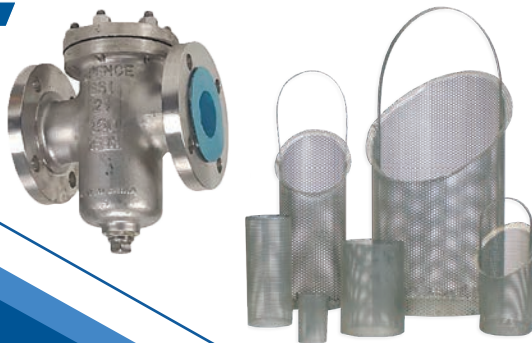

Elite Valve

Knife Gates available in Stainless Steel and Exotic Materials, High Performance, Metal and Resilient Seats, Bonnet

Canadian Manufactured. Split Body Butterfly Valves, wafer and drip tight dead end lug style in Ductile Iron or Stainless Steel bodies.

Y-Strainers, Basket Strainers, T-Strainers, Automatic Backwash Strainers, Check Valves.

ADDITIONAL PRODUCTS OFFERED

Unified Valve Group Ltd. (UVG) services all valve types and is acknowledged as the leading pressure safety valve (PSV) service provider in Western Canada across all industries. Our team brings decades of experience supplying professional preventative and predictive service maintenance, corrective maintenance for all valve types and a unique specialization in PSVs, API/ANSI and boiler work.

UVG offers our clients integrated services from our solid industry knowledge, procurement and supply chain solutions, expert service technicians, large local inventories, mobile On-Site and In-Situ testing units, and boiler work; we ensure your project is a success - each and every time. We pride ourselves on delivering what we said we would, when we said we would, for the price we said we would. Unified Valve Group Ltd. is part of The PSS Group of Companies.

Unified Service Offerings:

- Full Valve Service and Repair
- Steam Service
- Mobile On-Site Valve Servicing
- API/ANSI Valves
- Control Valves
- Valve Lubricating and Sealing
- ValveTek Valve Data Management
- Valve Maintenance
- Actuation Repair & Testing
- In-Situ Testing
- PVRVs
- Steam Trap Surveys
- Valve Training Courses
- Supply Chain
